Deserted His Family.

Johnny Hobart, for the past ten years a conductor on the V. & T. R. R. has turned out bad. We guess there is no doubt but that he has deserted his wife and child, and gone off to Australia with a "fancy" woman, with whom, report says, he has been on terms of intimacy for a long time past. Mr. Hobart has disappointed his warmest friends, and no language is too severe for his conduct. He had a nice home in Reno, and his wife is a lady of culture and beauty. The baby is not much over a year old. Yesterday morning his wife received from San Francisco a deed of the homestead, and a letter, the first intimation of her husband's horrible deception and deed.

Theatre Last Night.

"Uncle Dan" did not draw a very large house last night, owing to the inclemency of the weather. The performance was all ever claimed for it, as all present will cheerfully testify. We should like to see Macauley in some other of his favorite characters.

There will be a meeting of Reno Chapter, No. 7, R. A. M., for work in the R. A., at 3 P. M. Friday, June 13th. Sojourning companions cordially invited to attend.

The news from the Crown Prince mine, Pyramid, is of the most flattering character. The ledge increases in extent and value as it opens up.

E. Meyer is having the old corner fitted up in Manning & Berry's store, and will use it as a branch cigar stand.

The dirt is being put on the roof of Fogg and Steele's two-story brick. A fine building.

A great deal of freight is being handled by the railroads.

J. K. Everett has just received a fine lot of hams.

About School Books.

The Board of Education, at its second regular semi-annual meeting on the third Monday of next October, propose to discuss the merits of all the text books now in use, with reference to making any change therein that they may deem essential to the welfare and improvement of the schools.

It is proposed, especially, to substitute some better book for the arithmetic in use, at present; and it will be a matter for consideration, also, whether a better reader can not be found with which to replace Sheldon's.

It is the earnest desire of the Board of Education that the teachers, school officers, and all others throughout the State who are interested in the cause of education, express their views in this matter, whereby the most valuable practical results may be reached. Communications of the nature intimated, containing suggestions of experienced and thoughtful education, will be heartily received and carefully considered.

The Difference.

Last Sunday night the wheelbarrow man passed through Reno on his transcontinental trip. He had an advance agent who heralded his coming and sold his picture and told how heavy his wheelbarrow was and what color it was painted. His tramp makes money, too, at this business. Thirty years ago the plains were alive with pilgrims, any one of whom worked harder than the wheelbarrow knight, driving bulls, herding stock, warding off Indians, caring for the sick, suffering from hunger and exposure for months, to reach the land of promise. No agents sold their pictures nor even welcomed them as they wended their weary way along. Yet one of the old pioneers did more for this coast than an army of transcontinental wheelbarrowmen. Verily times change and the people change with them.

Can't Spare One.

A Liverpool paper contains this advertisement: "Will any one kindly lend a lady a live grasshopper for a few days? Great care shall be taken of it. Payment if desired. Address K. L., office of this paper." We refer this matter to our farmers. Of course they will not part with one, for who knows but what the lady might injure or possibly kill it, and it would be missed. True the farmers may be pretty well stocked just now—some of them are exceedingly so—but the lady's unreasonable demand for a real live grasshopper cannot be entertained for an instant.

Personal.

Col. Sam Curtis, of the Justice, was in town yesterday.

W. R. Chamberlain has gone below after furniture for the new hotel.

Senator Jones will come home as soon as Congress adjourns.

Mr. Sam Hamilton, Supt. of the Imperial, returned to Virginia yesterday morning.

John Rapp, of Steamboat Springs, who was injured by a horse kicking him, is still improving.

Supt. Yerrington, of the V. & T. R. R. was in town yesterday giving the necessary orders concerning the changing of the track around the Depot Hotel.

The Ball To-Night.

Every arrangement has been made to make the Pavilion ball to-night a grand success. Prof. Varney's band will furnish the music. All who have not yet purchased a ticket should do so at once.

Cookes' Brick.

Work has been commenced for Cookes' brick. Yesterday the old shanty was pulled apart, and the foundation walls started.

The 4th.

The 4th of July, subscriptions are rolling in, and the Committee will be able to report \$800 subscribed by to-morrow night, the time of the meeting.

It will be more difficult for Indians to obtain whisky hereafter. The wholesale whipping-post matinee which the 601 gave the sixteen tramps the other night will serve as a warning to all who are engaged in the nefarious traffic. This treatment is closer even than the tar bucket, and will not be so easily forgotten.

The grasshoppers are destroying the crops near Reno. The army seems to increase. A cold snap just now would kill millions, but they would not be missed.

The Hyers Sisters and the Berger Family are headed this way; due to July 4th.

Royal Arch Officers.

The following officers were elected yesterday to serve the ensuing term: D. E. Bailly, of Eureka, High Priest; Frank Bell, of Reno, Deputy High Priest; H. S. Mason, of Carson, Grand King; S. W. Chubbuck, of Gold Hill, Grand Scribe; Charles Knust, of Reno, Grand Treasurer; J. D. Hammond, of Carson, Grand Secretary;—Elam, of Pioche, Captain of the Host;—Johnson of Eureka, R. A. M. These officers will be installed at 1 o'clock this afternoon.

A Fine Hotel.

In a few days the Arcade Hotel will be opened for business. It is now finished within and without and is being furnished in a most elegant manner. The Arcade always was a first class hotel, and now that Mr. Farland has a much nicer and larger house we know the reputation will be better than ever. Reno's new hotels will be her boast.

A Nice Shower.

It tried very hard to rain yesterday morning, and several times during the day, but about 5 P. M. it succeeded, and the rain just poured down for about an hour.

Stocks.

The Comstock stocks were weak yesterday, but the Bodies held their own remarkably well. It is said that the New York market has had a good deal to do with the prices of all stocks lately.

Organized.

The Grand Lodge of Masons met in Virginia City at noon yesterday and organized, after which they adjourned until 10 o'clock this morning.

Louis Liebes has been arrested for violating the Drummer Law. Having urgent business East, he had the trial postponed until July 7th, giving bonds in the sum of \$100 to appear at that time.

The members of the Grand Chapter of Nevada will be present at the meeting of the Reno Chapter called for Friday afternoon.

Ike Johnson's two remaining children are getting better. They are able to walk around, though very feeble.

The trained birds are again in Reno. They are clever.

Thirteen prisoners in the county jail.

Washoe Valley has grasshoppers.

In Paris people lament over the numerous disappearance of infants, and this is a mystery upon which no light can be thrown. It is certain that about six months ago the police arrested a woman known as the "Ogresse des Lilas," who is supposed to have stolen several children and to have made way with them in some mysterious manner. She is still in prison; she is a highly educated woman, who has moved in first-class society, but what her real name is the police have been unable to discover. Near the close of the reign of Louis XV there was a report spread that a number of children had disappeared, and serious riots ensued when it was asserted that they had been kidnapped for His Majesty who had been ordered to bathe in the blood of children.

Remarkable electric storms are said to have occurred on the summit of Pike's Peak. Little thunder accompanies them, but the whole mountain seems to be on fire, and the top one sheet of flame. Electricity comes out of every rock, and darts here and there with indistinguishable radiance. An observer says it played around him continuously; shot down his back, glanced out of his feet and so completely filled him that he became charged like a Leyden jar. He could not retain his foothold; he bounded and rebounded from the rocks after the manner of an India-rubber ball; he felt as though a powerful battery were throbbing through his frame, and fearing consequences, he hurried into the signal station.

TALK IS CHEAP.—And so are fine clothing, boots, shoes, and gentlemen's and boys' fine furnishing goods, if you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. I do not boast when I say that I defy competition in prices in anything in my line. Besides this I have only one price. I have no preferred customers. Everybody is treated alike at my establishment. My stock is the largest and most complete ever offered in any part of this State. Everything I have is new. No old, musty and out-of-date goods can be found on my shelves. I receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of my prices and examine my stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No store-keeper sells goods for the fun of the thing. I make a profit on everything I sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. I particularly call attention to my full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods forms one of my specialties. Remember the place. INSURANCE.—We desire to say to our insurance patrons and owners of property generally that we have secured the services of Mr. T. B. Camp, a professional insurance man who has had several years practical experience in the business and is thoroughly posted in all its details. He will give his entire time and attention to the business of insurance, thus securing care and skill in the writing of policies, so as to properly cover the risks, which is of great importance, as many sufferers by the late fire may recall, as it might have saved them hundreds of dollars in the adjustment of a loss. We shall issue policies and adjust losses at our office. D. A. BENDER & Co., Agents.

At Pinniger & Queen's new drug store may be found the largest and best assortment of the purest drugs, medicines, wines and brandies at the lowest figures even known in Reno. Prescriptions scientifically compounded from ingredients of known purity and full strength.

A Matter of Interest to Travelers.—Tourists, emigrants and mariners find that Hostetter's Stomach Bitters is a medicinal safeguard against unhealthful influences, upon which they can implicitly rely, since it prevents the effects that an unhealthy climate, vitiated atmosphere, unaccustomed or unwholesome diet, bad water, or other conditions unfavorable to health, would otherwise produce. On long voyages, or journeys by land in latitudes adjacent to the equator, it is especially useful as a preventive of the febrile complaints and disorders of the stomach, liver and bowels, which are apt to attack natives of the temperate zones sojourning or traveling in such regions, and is an excellent protection against the influence of extreme cold, sudden changes of temperature, exposure to damp or extreme fatigue. It not only prevents intermittent and remittent fever, and other diseases of a malarial type, but eradicates them, a fact which had been notorious for years past in North and South America, Mexico, the West Indies, Australia and other countries.

Hot, cold and shower baths at all hours at Coleman & Pechner's, on Virginia street.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found and sometimes small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty ignorant of the cause, which is the second stage of seminal weakness.
